

UNIVERSITY OF TWENTE.

MODULE 8: PROGRAMMING PARADIGMS

CC 4-3: ILOC DEMO

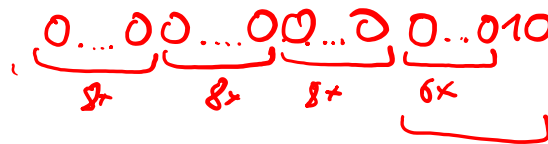

20 MAY 2019

THERE ARE NO SLIDES

- The lecture consists of a demo of the provided lab files for Block 4, in particular the ILOC assembler and simulator
- A little reminder about byte orders:

32-bit 2

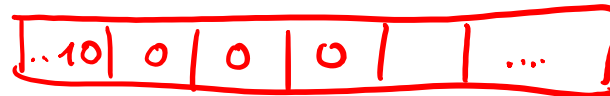

network
byte order

x10 000

big-endian

x10 000

little-endian

intel
